More info...

Shares of three high-end restaurant chains rose Monday after an analyst boosted ratings on the group, saying the trio is poised for better sales as the expense account set resumes business travel and returns to high-priced menus.

Business Opportunity

Venezuelan business leaders fear energy rationing could plunge country into deeper recession (The Canadian Press via Yahoo! Canada News)

CARACAS, Venezuela - Energy rationing imposed by President Hugo Chavez as a means of coping with a severe drought could worsen Venezuela's economic recession, business leaders warned Monday.
